

connections

Our group consists of people from all walks of life - eager to discuss, debate, share, or just make friends. We are sure you will find the niche that interests you.

Programs are presented by research-minded members and occasional outside speakers.

Members are encouraged to stretch their minds to new limits in a friendly supportive atmosphere.

Sessions are informal and the curriculum flexible, in keeping with the diverse interests of its participants.

Make new friends while pursuing long-held interests and discovering new ones.
